MURPHYSVILLE MAN MISSING IN ACTION

Private Everett C. Bolander, Who Has Once Before Been Injured, Is Reported Missing in Action.

Mr. and Mrs. H. T. Bolander, of the Murphysville neighborhood late yesterday received a telegram from the War Department announcing that their son, Private Everett C. Bolander, of the United States Marine Corps, had been missing in action since June 23. No further particulars were given.

Young Bolander volunteered for service in the United States Marine Corps at the same time as did young Leslie Arthur, who was killed in action and shortly after the word reached here that young Arthur was injured, word was received that young Bolander was injured. It is supposed they were both injured in the same engagement.

From the telegram received yesterday it is not known whether Private Bolander has been taken prisoner by the enemy or whether he has fallen in "No Man's Land" in defense of Democracy.

W. H. HALL AGAIN STATE CHAMPION

William Houston Hall, of this city, won the Kentucky State Championship at trapshooting breaking 99 out of 100 clay targets at the tournament held under the auspices of the Landon Gun Club at the Cincinnati Gun Club's grounds at Rosedale, Ky., on Friday.

Mr. Hall's only miss was the fifty-fourth target.

This is the third time he is State Champion having won the title in 1914 and 1915. He also won the challenge cup in 1915 and is high for the trophy at the present tournament.

Dr. J. H. Simpson, of this city, also made a very enviable record at the shoot yesterday and qualified for entrance to a more important tournament to be held later.

ANOTHER MAN IS SAFELY OVER

Mrs. J. E. McCord, of East Second street, this morning received a post card announcing the safe arrival overseas of her brother, Dorsey Mullikin.

U. S. CRUISER SUNK BY HUN SUBMARINE

Hundreds May Be Lost in Sinking of San Diego Off Coast of New York By German Submarine.

Washington, July 20.—The Navy Department early this morning received information that two steamships which are proceeding to an unnamed port have aboard 1,156 officers and men of the United States Cruiser San Diego. These are in addition to the one officer and thirty-seven men previously reported landed.

The men are said to be in good condition as far as known, none of them being injured.

John O'Woods, N. Y., July 19.—Survivors of the United States Cruiser San Diego sunk ten miles off Fire Island shortly before noon today, declared tonight that many members of the engine room crew must have been killed by the explosion which wrecked the warship. They were uncertain whether the vessel was sunk by a torpedo from a submarine or by a mine. The cruiser remained afloat thirty-six minutes after she was struck.

The torpedo or mine struck the ship just aft of midships, blowing up the boilers. One of the sailors declared the guns of the cruiser were fired at what appeared to be a periscope. The survivors who landed here numbered 25, including six officers. The captain and first officer of the San Diego were the last to leave the sinking cruiser.

Heavy explosions heard here late today were believed to indicate that some of the patrol boats which dashed to the aid of the cruiser had met a German submarine and were giving battle. The explosions continued until after 8 o'clock tonight and mariners living here declared they sounded as if depth bombs were being dropped.

Several barrels of crude oil, one of them badly charred, floated ashore near here and this was believed to indicate the possibility that a tank steamer had also been sunk.

MASON COUNTY DEFENSE COUNCIL IS ORGANIZED

Chairman W. W. Hall, Jr., Names His Committeemen—War Chest to Be Investigated by Committee.

The Mason County Council of National Defense was completely organized yesterday at a meeting held in the office of the State Trust Company in Court street when County Chairman W. W. Hall, Jr., called together the men he had selected as members of his county organization and appointed them as chairmen of various important committees.

Hon. W. D. Cochran, who is a member of the State Council of National Defense, was present and assisted in the completion of the organization.

Chairman Hall named his committee members and their special committee chairmanships as follows:

S. M. Roff—Finance Committee.
Walter Worthington—Agriculture Committee.

Dr. A. O. Taylor—Health and Education.
C. E. Gallrath—Public Safety.

John M. Hunt—Industry.
N. S. Callahan—Military Affairs.

Ben Cole—Labor.
Stanley Reed—Publicity and Speakers' Bureau.

Mr. N. S. Callahan was chosen as Secretary of the county organization and Messrs. C. E. Gallrath and Stanley F. Reed together with the chairman will constitute the Executive Committee.

The matter of adopting the War Chest idea for Mason county was discussed at length by the members of the Council and Messrs. John M. Hunt, N. S. Callahan and Dr. A. O. Taylor, were appointed a special committee to look into the War Chest idea and make recommendations back to the general council at a future meeting as to the best thing to do with the idea in Mason county. There will be a district meeting of the County Council of National Defense organization held at Ashland on next Wednesday and it is expected that several from here will attend this meeting. They will likely take advantage of this opportunity to investigate the operation of the War Chest in Boyd county and learn something about the advisability of adopting such a plan as they have for Mason county.

The Council of National Defense for Mason county has been very inactive since the beginning of the war until within the past few months and it is expected that with this splendid organization they will now be able to accomplish much for the country and the community for Chairman Hall has shown very good judgment in his choice of associates on his very important board.

Try a pound of T. G. Hatter.

JUDGE CARROLL MAY SEEK GOVERNOR'S NOMINATION

Report Circulated Here That Judge of the Court of Appeals Is Fixing Fences for Democratic Primary Race.

Judge John D. Carroll, member of the Kentucky Court of Appeals and compiler of the Kentucky State Statutes, who was in the city Thursday on his way to Brooksville, stopped off here for a time again yesterday on his return home and was talking with quite a number of his friends here.

It was intimated yesterday in Maysville that the real purpose of Judge Carroll's visit to this section of the state just at this time was to feel out the powers that be in the Democratic party and to fix up his fences for a race for the Democratic nomination for Governor.

It is understood that the Judge has many warm friends in this section who will give warm support if he should enter this race and it is reported on very good authority that it will not be long before the Judge will announce his candidacy. He has long been a member of the Appellate Court of this state and is considered one of the state's leading jurists.

Nothing authoritative as to Judge Carroll's entering this race could be learned but there were very strong hints and it is expected that something definite along this line may be learned within a very short time.

LAD CONFESSES TO ANOTHER ROBBERY

Edward Hyron, the lad who confessed to being the ring leader in a series of petty store robberies, was questioned again yesterday by Chief of Police Harry A. Ott in regard to a recent sneak robbery at the Nammam Grocery Store in West Second street. Young Hyron confessed that he had entered the grocery store and that he secured eleven dollars in money besides merchandise in the grocery store.

ADVANCE OF ALLIES IS NOT CHECKED

Franco-American Forces Advance Farther Despite German Reserves Thrown Into the Broken Line of the Enemy.

With the American Army Between the Alsine and the Marne, July 19.—The Franco-American troops made an advance late this afternoon on the Solsons-Chateau Thierry front, averaging about a mile and a quarter. Velons gun fire southwest of Solsons hampered the advance for only a short period.

In the same sections the Germans attempted to use tanks against the Americans, but a hot fire soon compelled the tanks to retreat.

The advance began with a barrage opening at 5:30 o'clock. Tanks were sent in by the Allies to assist the infantry and machine gunners and the Germans endeavored to stem the tide with a heavy shell fire. The advance was one of the best organized the Allies ever attempted, the system working wonderfully well one end of the line to the other. The machine gun defense of the Germans was feeble and was quickly silenced, the Germans falling back upon their rear defenses.

Southwest of Solsons, the Germans repeatedly attempted to reach the Allies' line guns. The German line continued until long after dark, but the French and American guns responded in kind and gave full protection to the Allied forces as they advanced along the line. Several towns were captured.

Heavy reinforcements were rushed up from the north by the German command in an effort to head off the hard fighting Allies, whose rapid advance would, if continued, sever the German line of communication.

There are still strong German forces south of the Marne.

Paris, July 19.—The Franco-American offensive between the Alsine and the Marne has yielded thus far 17,000 prisoners and more than 350 guns, captured by the Allies, according to the war office announcement tonight.

All day the battle raged violently. The French have held their positions on the plateau southwest of Solsons and have made important advances at various points. The statement reads: "The battle began yesterday between the Alsine and the Marne continued all day with extreme violence, the enemy resisting desperately along the line with large reserves. Despite his efforts we continue our advance over the greater part of the front."

"On the left we maintained the plateau southwest of Solsons and in the region of Chaudon. In the center our advance exceeded three kilometers at certain points along the line of Vaux-Castille, Villers-Helen and Noroy Sur-oise. On the right our troops occupied after bitter fighting the plateau northwest of Monnes and the height north of Courchamps and advanced beyond Torcy."

"The number of prisoners counted up to the present exceeds 17,000, including two colonels with their chiefs of staff. We have captured more than 350 cannon, including one battery of 210's."

MASON COUNTY MAN WOUNDED IN BATTLE

Claude M. Scott, Falls in Field of Action in France—Commlague Says He Is Severely Wounded.

In the casualty list announced yesterday by the War Department at Washington there appeared the name of Claude M. Scott, of this city as being severely wounded in action.

Mrs. Perry Johnson, who lives near the Coal Docks, just East of the city, had received a telegram from the War Department on Thursday announcing the wounding of her son in battle but it was in the form usually sent out by the officials at Washington and gave no details.

Young Scott enlisted in the United States Army at Cincinnati on August 6, 1917, as a volunteer and went overseas following a period of training in an American encampment. His relatives here have heard from him several times since he has been "over there" and he has been engaged in several encounters.

Scott was the son by a former marriage of Mrs. Perry Johnson, whose husband is now employed at the Sphar Brick works. He was well known over the East end of the city and was a fine young man well liked by all who knew him.

When the word first reached Maysville it was not exactly known just who the young man was and those desiring to know the young man's family were unable to get any information except that on file at the Chamber of Commerce and this was very incomplete. The file there showed that the young man was a Mason county man and that he had enlisted in the service on August 6, 1917, but it did not give the name of his nearest relatives or their home and was almost useless.

This case showed the necessity of having all of the information possible about the young men joining the colors on file at some central point and it is urged that all who have relatives or friends in the service communicate with the Chamber of Commerce at the earliest possible date and give them the needed information so that the county's Roll of Honor when placed on the records of the county shall be complete.

AIRSHIPS FOR LONDON FLIGHT

In these days of wonder working nothing should be accounted impossible. There are too many of us who did not believe that flying through the air could be made practical, and yet much of the hard fighting of the war is being done in air machines. These machines have proved useful in observation, in scout duty, in getting diagrams of enemy camps, in bombing cities back of the lines, and in actual fighting at close range.

Only a few years ago when Walter Wellman made a blue at flying across the ocean in a dirigible balloon, it was the general opinion that it could never be done. Wellman failed, but there is now a well defined plan to begin the sending of American-made airplanes across the ocean under their own power rather than to send them by ship. Gen. Branner, of the British aviation corps, is now over in America speeding up this project.

On the heels of that comes a proposal for an apparently reliable source to furnish a model of a machine that is called a semi-dirigible, and the proposition is being made the subject of careful investigation.

The new craft has been offered by a middle west corporation, which avows to furnish what they call a semi-dirigible that will surpass the Zeppelin in size, speed, carrying capacity and general serviceability.

All details of the super-airship are guarded, because if it does anything like what its inventors claim it will be a tremendous war machine. They promise a speed of 70 to 100 miles an hour and a carrying capacity of six men and thirty tons of cargo, and say they are able to exceed these specifications. They say they will use the Newfoundland route, not caring as much about the uncertainty of weather conditions as the airship folks. Gen. Branner in his suggestion of an over-ocean airship flight adopted the route via the Azores and Portugal.

These people say they will make London by direct flight and that they will deliver letters in the English capital in 14 hours and have them in the hands of the men in the trenches 30 hours after they are mailed in New York.

THE CASUALTIES

When we read the British casualties and see where 4,500 were killed in a single week and that 32,000 were wounded or missing, the American losses seem miraculously small. Yet we have had our baptism of blood, too. Only a few each day, but there is hardly a section in Kentucky which has not furnished its hero. Our boys may be depended on to be in the thick of the fighting when it comes in their direction. It has been the good fortune of the Americans to be in the quick, sharp fighting rather than in the long sieges, and thus the battles have terminated without so many casualties.

Secretary Baker has told the house military committee that Americans are now holding down thirty-eight miles of the firing line, and if the big battle should be pitched in their direction we may expect to hear of many deeds of heroism.

Everybody is not perfect; every family tree bears at least one lemon.—Memphis Commercial Appeal.

OF INTEREST IN THIS STATE

Cynthiana, Ky.—The local Draft Board of Harrison county, received a message from C. L. Miller, Justice of the Peace of Millboro, Va., to the effect that Herbert Crawford, select, 30 years old, had deserted the troop train bound for Baltimore, Md., and hanged himself near that place. Crawford is a native of Robinson, Ky., this county, and had asked exemption on agricultural grounds.

Collects From Delinquents
Frankfort, Ky.—Nat B. Sewell, State Inspector and Examiner, has filed with Governor Stanley a report covering an investigation of the officers of Bourbon county. He turned into the Treasury a total of \$743.50 collected from delinquent officials and \$360.90 is reported due the state.

Kentucky May Lose a Lamp
Washington—Because of difficulty encountered in getting land at West Point, Ky., the War Department is considering transferring to Fayetteville, N. C., an artillery training camp planned for the Kentucky town. It was said a final decision had not been reached.

Guard Held For Remarks
Frankfort, Ky.—F. M. Cecil, a guard at the Frankfort Penitentiary, was arrested Thursday charged with violating the sedition act. He is accused of saying: "There goes some negro soldiers who start away tomorrow. I hope they will kill them all and not a d—n one of them will get back." He will be given his examining trial tomorrow.

Echo of Bank Failure
Paris, Ky.—An echo of the failure, May 19, 1914, of the George Alexander & Co., state bank of Paris, was heard when news was received in Paris that Judge Robert L. Stout had handed down an opinion making an allowance for attorney's fees for the State Banking Commissioner for work covering litigation up to the present time in the sum of \$15,000. The attorneys who will share in the allowance are John J. Williams, of Paris, and Judge John M. Lansing, of Newport, Ky.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

Theodor's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

KENTUCKY FURNISHES SOLDIERS MANY BOOKS

Responding to the call for books for the boys in the trenches and in the army camps, Kentucky has donated a total of 67,072 volumes. The State also raised \$30,000 toward the War Library Fund. These facts are set out in the annual report of Miss Fannie Lawson, secretary of the Kentucky Library Commission.

Maysville and Mason county have had no small part in furnishing the soldiers with these books.

Venom Not Fatal

Flem Lam, 10-year-old son of J. T. Lamb, of Sutherlands, was bitten twice by a copperhead the other night. The snake hit him on each foot while the family was standing at a gate talking to a neighbor. He will recover. The boy's dog was also bitten by the snake at the same time, but has recovered.—Madisonville Hustler.

GOVERNMENT NEEDS WOMEN FOR NURSES

Twenty-five Thousand Women are Wanted to Enroll in the U. S. Student Nurse Reserve.

The Government is calling for 25,000 young women to join the United States Student Nurse Reserve and hold themselves in readiness to train for service as nurses.

The war is creating an unprecedented demand for trained nurses. Only those who have taken the full training course are eligible for service without forces overseas. These nurses are being drawn largely from our hospitals at home. Their places must be filled by student nurses enrolled for the full training course of from two to three years. Every young woman who enrolls in the United States Student Nurse Reserve is releasing a nurse for service at the front and swelling the home army which we must rely on to act as our second line of hospital defense. Upon the health of the American people will depend the spirit of their fighting forces.

Age.—The call is for women between the ages of nineteen and thirty-five.

Qualifications.—Intelligent, responsible women of good education and sound health are wanted—the pick of the country. A college education is a valuable asset, and many hospitals will give credit for it. Credit will also be given for a special scientific equipment or for preliminary training in nursing such as that given in special courses now being conducted by various colleges and schools. Some schools, on the other hand, do not even require a full high-school education.

Enrollment.—Women will be given an opportunity to enroll in the United States Student Nurse Reserve in any one of three ways:

(1) As engaging to hold themselves in readiness until April 1, 1919, to accept assignments to nurses' training schools. These women will be sent to the schools as fast as vacancies occur. Those of superior qualifications will be given preference, and it is, of course, possible that not everyone who enrolls will be accepted.

(2) As desiring to become candidates for the Army Nursing School recently established by authority of the War Department, with branch schools in selected military hospitals.

(3) As engaging to hold themselves in readiness until April 1, 1919, to accept assignments to either a civilian training school or the Army Nursing School. Those who so enroll will be called where the first need arises. The Government hopes that a majority of those who enroll will thus put down their names for both.

THE NURSES' TRAINING SCHOOLS

There are 1,679 nurses' training schools in this country. Their need is as great and imperative as that of the Army School of Nursing. Those who enroll for these schools will be assigned to vacancies occur.

The enrollment card will indicate two classes of registrants—preferred and deferred. The preferred class will be those who are ready to accept assignment to whatever hospital the Government directs them, although they may state what training school they prefer to be sent to. Those who register in the preferred class will be assigned first, and all possible consideration will be given to their preference as stated. The deferred class is composed of those who limit their pledge of service—that is, who will not engage to go to certain hospitals. This class is intended largely for those who, for family reasons, can not accept training at a distance from their homes. Those who register in the deferred class will be assigned only after the preferred class is exhausted.

The Government relies on the patriotism of those who enroll to fill out preferred cards if they possibly can, thus volunteering to go where they are most needed.

Nobody will be assigned to any schools whose conditions of training are not approved by the State Board of Nurse Examiners.

PERSHING AND HIS MEN ARE PICTURED

The Government Feature Picture to be Seen in Maysville on Today.

Under the auspices of the United States Government, the Committee on Public Information, of which George Creel is chairman, will offer at the Washington and Gen. Theaters Saturday the first official United States war film entitled "Pershing's Crusaders" in eight reels. This feature film has been photographed by the United States Signal Corps. Navy photographers and cameramen of the French General Staff. It shows how every man, woman and child is helping Uncle Sam, with interesting scenes showing the progress being made in ship building, aeroplane construction and gun and ammunition making as well as interesting phases of cantonment training. The big feature of this picture, however, is that portion which gives the very latest news of what our boys are doing in the front line trenches in France. There will also be shown in this film a number of stirring scenes which have been taken for the Governments of France and England covering phases of American activities abroad. As all of the war pictures now being made are controlled by the Committee on Public Information, this official film will be the first to show the true conditions now prevailing where Americans are on the fighting line. There will be daily matinees and popular war time prices will prevail.

"Pershing's Crusaders" is distributed by the First National Exhibitors' Circuit, Inc.

FROM COAST TO COAST

A Remarkable Chain of Home Testimonies. And Maysville Adds Its Voice to the Grand Chorus of Local Praise.

From north to south, from east to west, in every city, every community; in every state in the Union rings out the grateful praise for Doan's Kidney Pills.

60,000 representative people in every walk of life. Publicly testify to quick relief and lasting results.

And it's all for the benefit of fellow sufferers. In this grand chorus of local praise Maysville is well represented.

Well-known Maysville people tell of personal experience. Who can ask for better proof of merit?

Ben. P. Fleming, constable of Mason County, 217 East Lee Street, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 60c a box. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Lame—Remember the Name."

WOMEN IN WAR WORK

"Bell Telephone Bean and Bonnets Association" is the title which a club of Bell telephone girls in Grand Rapids, Mich., have given themselves. A division of war garden clubs appeared in the Fourth of July parade, bearing banners, hoses, rakes and similar appropriate devices. The National War Garden Commission has sent them a bunch of garden posters.

The "Sow the Seeds of Victory" poster, made by James Montgomery Flagg for the National War Garden Commission of Washington, was one of the pictures represented in patriotic tableaux arranged by Mrs. Thomas Rohie for a Red Cross entertainment at Yarmouth, Me.

Miss Kirby, of Petersburg, Ind., has issued a public challenge to her father, State Representative James H. Kirby, who introduced a bill prohibiting high heels on women's shoes, to

MAYSVILLE'S CHURCHES

Where the Religious Exercises Will Be Held on the Sabbath.

Christian Science Church.
Christian Science Church Sunday morning 10:45 G. A. R. Hall, Cox Building.

Hull Creek M. E. Church.
Services at the Hull Creek M. E. Church every first and third Sunday afternoons 2:30 p. m.
J. F. RUGGLES, Pastor

Apostrophe Holiness Church.
Sunday School Sunday at 2 p. m., Earl C. Dryden, Superintendent.
Preaching at 3 p. m. and 7:15 p. m. by the pastor, Rev. O. N. Rees.
Everyone is cordially invited to attend these services.

St. Patrick's Church.
Until differently announced, the services will accord with this schedule:
Sunday: First mass at 8 a. m., Second mass at 10 a. m., Benediction of the Most Blessed Sacrament at 3 p. m.
Week Days: Masses at 6:30 and 8 a. m.

Church of Nativity.
Pursuant to a written request from the Vestry and Communicants, the Bishop of the Diocese has appointed a Lay Reader, ad interim, and hence the service of the church will thus be conducted until further notice.
Morning Prayer and sermon at 10:45 a. m.
Sunday School at 9:30 a. m.
The public is cordially invited to attend.
OMAR DODSON, Senior Warden

Forest Avenue M. E. Church.
Services as follows until otherwise announced:
Sunday School each Sabbath 9:30 a. m., George N. Harding, Superintendent.
Prayer Meeting each Wednesday evening 7 p. m.
Class Service each Second and Fourth Sunday in each month.
Preaching by the pastor every first and third Sunday in each month, both morning and evening services.
Also, Brother Dan Vantine, our local preacher, will preach on every fifth Sunday occasionally.
A hearty welcome is extended to one and all, don't fail to come.
J. F. RUGGLES, Pastor.

Besides Saving Wheat
Ma Says I'm Saving
Cooking When I Eat
POST TOASTIES

First Presbyterian Church.
Sunday School 9:30 a. m., J. B. Wood, Superintendent.
Morning service 10:45 a. m.
Christian Endeavor 6:45 p. m.
Union Service at this church 7:30 p. m. sermon by Rev. A. P. Stahl.
Prayer meeting Thursday 7:30 p. m.
Strangers and the public generally are cordially invited to all services.
JOHN HARRISON, Pastor.

First Baptist Church.
Bible School 9:30 a. m., Prof. W. J. Caplinger, Superintendent.
Preaching 10:45 a. m. and 7:30 p. m. Morning: "The Key to Life's Perplexities." Evening: "The Divine Ideal for Man."
Prayer meeting Thursday 7:30 p. m.
These services will begin and close promptly on the hour. You are invited and will be cordially welcomed.
B. B. BALLEW, Pastor.

Christian Church.
The opening exercises of the combined service will be conducted by Miss Jennie Dickson, assisted by others. Let all come by 9:30 a. m. so as to get the good of this part of the service. It will be worth hearing. The lesson in the adult classes on "Prayer" should assure a full attendance of all the members. Communion and sermon follows the period of instruction.
The evening services will be in the Presbyterian Church at 7:30.

Third Street M. E. Church.
Sunday School tomorrow at 9:30 a. m. As there will be no preaching service during the day the Epworth League service will follow the Sunday School under the leadership of Mr. Franklin Slye. Topic, "Jesus' Love of the Outdoors," being a vacation topic. During the two campmeeting Sundays the only services in the church will be the Sunday School. Those who remain in town are urged to keep the Sunday School going.
Rev. W. H. Davenport will hold the Fourth Quarterly Conference next Tuesday night. This is the most important conference of the year and every member should plan to be present.

ROOSEVELT OFFERED PARTY NOMINATION

Ex-President Gives Great Banquet at New York Republican Convention.

Saratoga Springs, N. Y., July 18.—Theodore Roosevelt was the outstanding feature of the State convention of the Republicans here today. He had been placed on the program for an address, this afternoon, but when the death of his son in battle in France was reported, it was thought that he would cancel the engagement. The delegates therefore were deeply moved when it was announced that Roosevelt, casting aside his grief for the sake of the occasion and the party would speak as arranged.
Immediately he became the center of interest and in a short time there developed a movement to name him for governor, a stampede for him to be started by what was planned to be a 20-minute ovation when he should take the platform, this afternoon, to make his address. Before that time arrived it was reported that the Colonel had been questioned in regard to accepting the gubernatorial nomination and that he had refused to commit himself, further than to say that he would have to see his friends about it.
A man wastes more time during six months of courtship than he does all the rest of his life waiting for street cars.

NEGLECT IS CHARGED IN INVESTIGATION

Captain and Pilot of Boat Which Sank Taking Many Lives in Illinois River Are Charged by Government With Unskillful Navigation.

Washington, July 18.—"Unskillful navigation and neglect" are charged against the Captain and pilot of the steamer Columbia in a preliminary report to Secretary Redfield by the local inspectors on the Illinois River nearly 100 lives. Trial of the two men on the charges automatically will follow, with the District Board of Inspectors sitting as a Court. The maximum punishment the board can impose is revocation of licenses.
"Divers who investigated the wreck reported that the steamer had been run so close to shore as to strike an obstruction which tore a hole 12 feet long and two feet wide in her bottom. The report says the following charges have been preferred:
"Herman F. Mehl, master, inattention to his duties in permitting pilot to navigate steamer Columbia during smoky and foggy weather, especially when approaching a very dangerous place in the river; incapacity in failing to grasp the situation instantly after steamer got in on the willows on a rough shore, thereby permitting pilot to proceed and not hold along the bank and willows until an examination of the hull had been made and until fog cleared away. Instead of proceeding down and out in midstream the steamer sinking in deep instead of shallow water, resulting in great loss of life.
"George T. Williams, pilot, unskillfulness in navigation steamer Columbia on a slow bell ahead for a distance of at least two and a half miles while descending river toward a dangerous place with a strong current in fog and smoky weather, thereby permitting said steamer to come in contact with a rough and dangerous shore with too great headway; negligence in neglecting to entirely check steamer Columbia's headway when said steamer was in on and scraping willows, thus holding her alongside of bank until an examination of hull had been made and fog cleared away. Instead of going ahead on slow bell proceeding down and out in midstream, the steamer thereby sinking in deep instead of shallow water, resulting in great loss of life."

"Idle Land to Work"
The National War Garden Commission estimates that 3,000,000 war gardens came into existence last year, with an aggregate area of more than 1,100,000 acres, and that their products were worth \$350,000,000. Compared with what might be accomplished in back-yard gardens, the sum, of the above, is a mere bagatelle, says the Century Magazine. In its back yards and vacant lots America can produce not millions, but billions, of dollars' worth of foodstuffs. The problem is to put all those idle spaces to work.

SPECIAL REGISTRATION
A special registration for all voters who were ill or out of the city at the last regular registration or who have become of age since that time will be held at the County Clerk's office on Saturday, July 20. All those residents of the city desiring to vote in the August primary must secure registration certificates.
J. J. OWENS, County Clerk.

The average man appreciates his wife's temper so much that he doesn't like to have her lose it.

WRECK APPEARS
The Manchester Signal says: The wreck of the towboat J. R. Ware near the head of the Little Island is very visible now. The boat was cut down by the ice last winter and about all remains is the hull, boilers, part of the machinery and wheel. The tow she had in charge was never seen nor heard of after it was torn loose and started down with the ice gorge. The Ware was valued at several thousand dollars.

IRVING DONT'S
Don't allow a quantity of good food to collect dust while lying, says the National War Garden Commission of Washington. Protect with glass or refuse to another place. The National War Garden Commission will send you a copy of its drying book if you write for it and send a two-cent stamp to pay for postage.

Conversion Of Liberty Bonds

3 1/2% Liberty Bonds of the first issue, 4% Liberty Bonds of the second issue, and 4 1/2% Liberty Bonds obtained by converting bonds of the first issue into bonds of the second issue can be converted into 4 1/2% bonds up to November 9, 1918. After that date no further rights of conversion will attach to the 4 1/2% bonds, either the original bonds of the second issue or those obtained by conversion of bonds of the first issue. All of the 4 1/2% bonds are non-convertible.

Coupon bonds may be converted into either coupon or registered bonds but registered bonds only will be exchanged for registered bonds and will be inserted with the names of the registered owners of such bonds.

All matured coupons, including those maturing June 15, 1918, and May 15, 1918, must be detached from the 4 1/2% bonds before they are surrendered for conversion. The converted bonds will bear interest at the rate of 4 1/2% from June 15, 1918 and May 15, 1918 respectively, and have the same maturity dates as the original bonds. This bank is prepared to receive and handle all of the above bonds for conversion and places its facilities at the disposal of its customers and the Government.

Bank of Maysville

BUSINESS MEN WILL STUDY WAR TAXATION

Chamber of Commerce Asked to Cast Vote on War Taxation Recommendation of the Chamber of Commerce of the United States.

Referendum No. 25, on the Report of the Special Committee on Financing the War, was received by the Chamber of Commerce, yesterday from Elliott H. Goodwin, General Secretary of the National Chamber of Commerce.

It will be given serious consideration by the local organization as new revenue legislation is being found of immediate importance.

Last year, when the first war revenue bill was being considered, the organization in the membership of the National Chamber voted upon the recommendations of a committee which has been appointed by the Board of Directors to study the fiscal policies which were open to the United States, and make recommendations. The local organization is now asked to express opinion upon the recommendation in a second report regarding war taxation. This report deals with the present situation.

Consideration of means of raising further revenues to meet growing expenditures for war has now become necessary. The Treasury Department and committee of Congress are studying the present laws and are deliberating regarding new taxes. In the light of the information it has obtained, the Chamber of Commerce presents its suggestions and the consideration which it believes are of importance.

On June 5th the Secretary of the Treasury estimated that in the fiscal year which begins with July 1, 1918, and ends on June 30th, 1919, our expenditures will aggregate \$24,000,000,000. Even if loans to the allies constitute \$6,000,000,000 of this sum, it seems imperative that we should raise by taxation as much of the total as is possible without crippling the productive power of the country. If it produces more, the burdens of taxation in the period that follows the war will be proportionately lessened; for it is important, in considering present taxation, to remember that the heavier the taxes which are now imposed the more rapidly can taxation be decreased after the war and more advantageous the position of our country will be in that period of keen international commercial competition when countries then bearing burdens of taxation will be correspondingly handicapped.

Eleven questions bearing on the financing the war for another year are contained in the before mentioned referendum and will be submitted for favorable or unfavorable vote of the Board of Directors of the local organization at its next meeting.

SPRING EARLY, WAR GARDENS GOOD

Bench, N. Dak.—An unusually early spring has cooperated with war gardeners here. Bench tables are loaded with early produce. Thomas E. Hayward, Secretary of the Chamber of Commerce reports to the National War Garden Commission at Washington that the war vegetables are the best ever.

ANNOUNCEMENTS

W. J. Fields is a candidate for the Democratic nomination for Congress from this, the Ninth Kentucky District, at the primary election to be held Saturday, August 3, 1918.

NOTICE TO PASTORS AND CHURCH CLERKS.
All announcements intended for our church column must be in this office on Friday by 12 o'clock to insure insertion. All announcements received after this time will be omitted.

Just Twenty Years Ago

It was May. War against aggression existed then as now.

The American fleet under Commodore George Dewey steamed into Manila Bay, encountered the foe and came off triumphant.

All the glorious traditions of the American Navy were upheld.

And humanity won another victory. Today, success depends upon food, particularly wheat. The conservation of wheat, the avoidance of waste, the patriotic cooperation of the public, shall win for us again.

WHY "Central" cannot Answer Questions

The duty of the Switchboard Operator is to answer your calls and get connection for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When, in response to a question, the operator says: "I will give you Chief Operator" she is obeying her instructions.
Always ask for "Chief Operator" and your questions will be promptly answered.

"PERSHING'S CRUSADERS" IS A GREAT PICTURE

All Who See Great Patriotic Feature
Today Will Be Better Americans
For Having Seen It.

"Pershing's Crusaders", the big feature show at the Gem Theater today is indeed a rare treat for the people of Maysville and every one should see it who can possibly get into the theater.

A special run of the picture was made by Manager Russell yesterday afternoon to a small audience of newspaper men and critics and they were all of the opinion that it was a great patriotic picture that all should see.

The picture not only gives one some idea of what our men are doing "over there" but it gives one an idea of the training through which Uncle Sam puts his men before he is willing to send them against the Kaiser's forces and a wonderful insight to the great preparations our country is making to back the boys in the trenches and to furnish them with the best and latest improved munitions of war fare. Glances into munition factories, ship yards, cantonments, prison camps and even a look into the front line trenches now occupied by our "dudes" are given the audience. Some of the greatest military men of America, France, England and Italy are shown and several wonderful views of our men on parade and drill on French soil are shown.

The picture is worth many times the price of admission and every one seeing it will come away a better American for having seen it.

STOLEN COAT IS FOUND

The uniform coat which was stolen from the residence of former policeman A. G. Stewart, has been found on the C. & O. railroad near the Pulley Factory. The thief evidently discovered that the coat could be easily identified and discarded it. This leaves the police without a clue on this robbery.

LOCAL MAN ON THE COAST

Local relatives of Private Oliver Greenlee, who left here several months ago to enter the service of Uncle Sam, yesterday received a card from him announcing his arrival at an Atlantic port and it is expected that he will soon be on his way "over there."

WHEAT PRICE ANNOUNCED BY W. D. COCHRAN

County Food Administrator W. D. Cochran Gives the Price Wheat Should Bring on Maysville Market.

County Food Administrator W. D. Cochran yesterday afternoon announced the price wheat should bring in this market as not less than \$2.16 per bushel for No. 2 and \$1.12 for No. 3, wheat.

He also announced an increase of one-half cent per pound on bulk sugar when sold by country retailers and instructions on the recent flour purchase order issued by the Food Administration.

Administrator Cochran's official announcement follows:

Wheat
No. 2 wheat should bring in this market, when sold to grain dealers, not less than \$2.16 per bushel, and No. 3 wheat \$2.12 per bushel.

This figure is reached in the following manner:

The U. S. Grain Corporation will pay for No. 2 wheat, delivered at Baltimore or Newport News, \$2.35 1/2; Freight .1410

\$2.2165

Grain dealers margin to cover expense and profit .0565

\$2.16

No. 3 wheat 4 cts. less .04

\$2.12

The above margin of .0565 to grain dealers is considered reasonable by the Federal Food Administration.

This margin should be adhered to by the dealers and in case the market price for wheat exceeds the government basic figure given above, the price paid to the farmer by the dealer should be increased by the amount of the increase.

Sugar
County retailers are allowed to sell bulk sugar at 9 1/2 cents, two pounds for 19c.

Flour
The rule as to the amount of flour to be consumed, to-wit, six pounds per person per month, has NOT been changed. The ruling as to twelve pounds applied to farmers who have raised wheat crops, and permits them to withdraw, when their wheat is sold three months supply of flour for their families and tenants on the basis of 12 pounds per person per month.

W. D. COCHRAN,
Mason County Food Administrator.

FORMER MAYSVILLE BOY MAKING GOOD ON TURF

Guy M. Lee, Formerly of This City,
Drives Winners on the Grand
Circuit This Week.

Guy M. Lee, son of Mr. and Mrs. Gus Lee, former residents of Maysville, is making good as a driver on the turf and is rapidly establishing his reputation on the Grand Circuit as one of the leading drivers.

Twice during this week this former Maysville man has put it on "Tom Murphy", that much talented turf wizard, at Kalamazoo by not only showing more skillful driving but superior generalship as well.

Guy's many friends here in Maysville will be very glad to know of his great success with the ponies and will join us in extending him hearty congratulations. A local man, well posted on trotters, informs us that Lee has been showing promise for several years but that at present he is gaining fast in popularity and bids fair to become one of the most popular drivers in the big time.

A boy's idea of true happiness is to be able to produce the biggest noise on the Fourth of July.

HEALTH LEAGUE SELECTS OFFICERS FOR NEW YEAR

Interesting Reports Read at Annual Meeting of Mason County Health League—Judge Purnell Chosen President.

There was a very good attendance at the annual meeting of the Mason County Health League held last night at the First Presbyterian Church and business of very much importance to the league for the coming year was transacted.

The meeting was called to order by President Hall who presented the matter of incorporating the league so that it could receive funds from the state as is provided in a recently adopted state law. The articles of incorporation which had been drawn up by a committee were then read and after making certain alterations they were finally adopted and a chosen committee instructed to have them filed with the County Clerk and the Secretary of State.

A committee on Nominations, previously named by the President, reported and their report was unanimously adopted and the following officers elected for the ensuing year:

President—H. P. Purnell.
First Vice President—J. B. Wood.
Second Vice President—George H. Frank.

Third Vice President—James H. Cochran.

Secretary—Miss Violet Graham.
Treasurer—Miss Florence Wilson.

Directors: W. W. Hall, Jr., W. H. Rees, Mrs. John Harbour, Mrs. E. L. Worthington, Mrs. M. C. Kirk, Prof. George H. Turnipseed, Mrs. Stanley E. Reed, C. P. Dietrich and Mrs. J. F. Lee.

President Purnell took the chair and in a short address pledged his full support to the organization and urged upon all the members that they lend the officers of the league their full co-operation.

The annual reports of Miss Annie M. Casey, County Health Nurse and Dr. J. S. Locke, County Health Officer, were great surprises to those present. Very few people would realize the amount of work that has been accomplished by these two health workers during the past year. The visits they have made reach into the hundreds and many thousands of miles have been covered by them in their automobiles going into every section of Mason county to relieve suffering and stop the spread of epidemics.

Miss Drillette, County Health Nurse of Boyd county, favored the audience with a short talk on the work that was being accomplished by a similar organization in Boyd county. She highly complimented the Mason county organization and their very efficient workers and said that she was going to carry some of the Mason county ideas back with her to Ashland.

Miss Mary Wilson, one of Maysville's most pleasing speakers, gave a talk on the affiliation of the Health League with the Red Cross work and the extra calls upon the league during the war time. As usual Miss Wilson was very interesting and her talk was very beneficial.

Mr. and Mrs. Carl Dodds and Miss Stella Archdeacon favored those attending with delightful music.

PRISONER ESCAPES FROM POLICEMAN

Young Man Under Arrest for Vagrancy Makes Get Away Up Street Although Unable to Work.

Although he told Chief Ort that he had heart trouble and was unable to do manual labor, Howard McDonald, of the East end, climbed the Sutton street hill on high yesterday afternoon when he broke away from Policeman P. Ryan, while that officer was taking him to the county jail.

Complaint had been made to the police that young McDonald was not working and he was sent for by the chief. He presented a physician's certificate that he was physically unable to work but when he appeared to get better, it is charged that he made no effort to secure employment and he was again brought up before Chief Ort to explain why he was not in some productive employment.

Young McDonald could not give a satisfactory excuse and he was ordered taken to jail by the Chief for appearance on vagrancy charges. Officer Ryan had gotten but a short distance from the Courthouse when the prisoner broke into a run. The officer slipped on some round stones and was unable to catch him. Those standing by say that there was never a chance for the policeman to overtake him for once McDonald got his machinery to going well he made it up the Sutton street hill at record breaking speed.

Why not try a Ledger Want Ad?

ANOTHER ROBBERY ON FOREST AVENUE

Thieves Entered Home of Frank Goodwin Thursday Morning or Wednesday Night—Pair of Trousers Stolen.

It developed yesterday that there was still another robbery in the East end of the city on Wednesday night or Thursday morning which was not reported to the police. The residence of Mr. Frank Goodwin in Forest avenue was entered but there was nothing found missing but a pair of Mr. Goodwin's trousers and a perfectly good belt in them.

It appears that the same fellows who attempted robbery at the homes of Mr. A. G. Stewart and Mrs. Alwilda Wheeler on Forest avenue, were those who attempted to rob the home of Mr. Goodwin for the front door of this residence was left open and the rear window through which the thief entered was also left wide open.

The local police are continuing their trail of every possible clue and although they have been unable to pick up anything like a good clue, they are following out everything they have and hope to be able to make an arrest in the near future. Some seem to think that these attempts at robbery were the work of travelers passing through Maysville but the police are of the opinion that it is done by local talent.

MEMORIAL SERVICES FOR NEGRO SUNDAY

First Mason County Negro to Die in France Will Be Honored Tomorrow With Special Service.

Arrangements for the Memorial service in honor of Thomas Batts, the first Mason county Negro to die in France while in the service of his country, have now been completed.

The service will be held at Scott M. E. Church tomorrow afternoon and the pastor, Rev. Delaney, will deliver the oration. There has also been special music arranged and a very interesting program will be carried out.

As this is the first service of the kind to be held here for a colored man, it is expected that there will be a large audience of colored people in attendance and it is understood that there will be a great many white people in attendance also.

STORMY SESSION OF COURT HELD

There was a rather stormy session of Squire Fred W. Bauer's Court yesterday afternoon when Lottie Savage, colored, was tried on a charge of Breach of the Peace before a jury. After hearing all of the evidence the jury returned a verdict of "not guilty."

CONCRETE HERE SUNDAY JULY 28

There seems to be some confusion about the time the Navy gasoline boat will be in Maysville. Some seem to be under the impression that the boat will be here on next Sunday but this is not so. The boat will arrive in Maysville harbor on Sunday, July 28.

There will be no preaching service at First Presbyterian Church tomorrow, Dr. Harbour having been called to Danville to conduct the funeral of Dr. Willis Green Craig. In the omission of this service it is hoped the Sunday School and Union meeting at this church will be largely attended.

WAR AS IT REALLY IS

Pictures Taken By Staff
Photographer
For Leslie's Weekly

See the Battle between French and German Aeroplanes, actual fighting on French line, where German trenches were only 20 yards away, the capture of five captured German prisoners, the charge of French, capturing of German Spy and his penalty, scenes of No Man's Land. A most thrilling feature ever recorded on a film.

Admission—Adults 15c, war tax 2c; Children 10c, war tax 1c.

SUNDAY SCHOOLS OF CHRISTIAN CHURCHES MEET

Very Interesting Convention of the Sunday Schools of the Christian Churches of Mason County Held at Maysville This Week.

A small but interested group of workers enjoyed the County Convention of the Christian Bible Schools and Churches held at Maysville on Wednesday. The morning session opened with a thoughtful period of Devotions led by W. J. Loos, Jr., President's Address, H. M. Pyles, Jr., emphasized the need of cooperation among the schools of the county, urging also the importance of a regular weekly report from each Bible School to our State paper, "The Weekly Bulletin."

All were interested in Miss Lida Kirkland's discussion of "Missionary Education," its value to both teachers and pupils, and the fact that the missionaries of the future are now in the Bible Schools.

W. J. Clark brought an interesting and convincing message, linking "The Bible School and Christian Citizenship," showing the rich opportunity and the very definite responsibility of the church in this regard pointing out that the Bible School is not just a man-made institution, but that religious education was from the first a part of Christ's own program.

Following this a Convention Offering was taken, amounting to \$5.60.

In the afternoon a tender Devotional Service for Our Boys at the Front was conducted by D. W. Nicholas, closing with some interesting "Impressions of a Camp Pastor" by A. F. Stahl.

"The Service of the Church to the Community" was the subject of a talk by A. F. Stahl, showing how the church should be made a sort of community center, also how it may help to shape the community's thought along many important practical lines.

D. W. Nicholas in "The Service of the Church to the Nation," called attention to the responsibility of the Church in the present crisis to the fact that the Government has called upon the church to keep the home fires burning, and to the great work that is being done by the Y. M. C. A., the Red Cross, and other like agencies, all inspired by the spirit of Christ.

An interesting talk by George W. Scott on "The Service of the Church to the World" showed how every nation is feeling the influence of Christianity, in its political or its social life, how the work of caring for the helpless, wherever undertaken, even if it is under evil control, is always the outgrowth of Christian thought and influence, pointing also to the fact that Christians are working today for others with kinder mind and more generous heart than ever before, and closing with that most comforting word of a great man.

"God is in His heaven,
All's right with the world."

The Convention elected the following officers for the coming year: President, D. W. Nicholas, Maysville; Vice President, George W. Scott, Maysville; Secretary, Miss Margaret Berlin, Maysville Route No. 2.

The invitation to meet with the Mill Creek Church in 1919 was accepted, the time to be fixed later by the State Superintendent and the county officers.

The plan for future work adopted was as follows:

1. That during the coming year special emphasis be laid upon these four things:
 - (a) The training of teachers and officers.
 - (b) Missionary education.
 - (c) The conservation of young life for the Kingdom during the married years and in the present crisis.
 - (d) The universal observance of the Lord's Supper every Lord's Day in connection with the Bible School program, even if there is no preaching service.
2. That Quarterly Conference be held at all Bible School teachers and officers under the general supervision of the county officers.

MUCH WHEAT BEING DELIVERED

A large amount of wheat is being delivered to local dealers just now by the growers of this and adjoining counties. Limestone street is crowded most every afternoon with heavily loaded wheat wagons on their way to the grainery of J. C. Everett & Co. on Second street.

The artificial rise in the Ohio River which will carry down a large fleet of coal boats heavily loaded for Cincinnati another point on the lower Ohio, will reach Maysville some time tonight or early tomorrow morning.

In the Mason County Court yesterday Leonard Cracraft was named committee of Charles Cracraft and he qualified as such with M. S. Cracraft as surety on bond.

COLORED WOMAN FOUND INSANE

Betty Johnson, colored, of the Washington neighborhood was before Judge H. P. Purnell and a jury yesterday afternoon for a lunacy inquest. She was found to be of unsound mind and was ordered taken to the state asylum for the insane at Lexington. A guard from the state institution is expected here today to return the colored woman for treatment.

DRUG STOCK OFFERED FOR SALE

The stock of the Chenoweth Drug Company, bankrupt, was offered for sale at private sale by J. D. Wood, trustee in bankruptcy, yesterday and quite a bit of the stock was disposed of. A public sale will be held later to dispose of what stock is left.
